OBJECTIVE

To leverage my dual expertise in interior design and civil engineering, backed by proficiency in AutoCAD, SketchUp, Lumion, and Photoshop, to create harmonious, aesthetically pleasing and functional environmental spaces through innovative design solutions and structural integrity, while delivering exceptional results for clients and company.

EXPERIENCE

✓ PURU & CURE HEALTHCARE PVT LTD (AKUMS) , Haridwar

July 2024 - Present

Assistant Executive (Design Project)

Job Summary:

I specialize in creating functional and aesthetically planning space. My role involves planning and designing interiors that enhance operational efficiency while adhering to industry regulations. With expertise in AutoCAD for drafting and advanced 3D software for modeling, I deliver detailed, accurate, and visually compelling designs.

Key Responsibilities:

● Space Planning & Design:

Develop functional and aesthetically pleasing layouts, including offices, labs, and common areas. Ensure compliance with regulatory and safety standards in all design plans. Optimize space utilization for efficiency, safety, and workflow.

● CAD Drafting & Detailing:

Create detailed 2D CAD drawings for floor plans, elevations, and sections. Prepare technical drawings and specifications for construction and renovation projects.

● 3D Modeling & Visualization:

Design and develop 3D models for various interior and exterior spaces within the company. Generate realistic renderings for presentations to stakeholders. Use 3D software to simulate design concepts and assess their feasibility.

● Project Coordination:

Coordinate with different departments to understand their spatial needs and integrate them into the design. Monitor project progress to ensure adherence to timelines and budgets. Provide technical support during the construction phase, addressing any design-related issues.

● Collaboration:

Working as part of a design team, which may include architects, contractors, and other professionals, to ensure a coordinated and cohesive design approach.

✓ SCAPASTOREY LLP

May 2023 - July 2024

Senior Interior Designer

Job Summary:

Responsible for planning, designing, and overseeing the execution of interior spaces, ensuring they are aesthetically pleasing, functional, and in accordance with the client's requirements. They work on a range of projects, from residential homes to commercial spaces.

Key Responsibilities:

● Space Planning:

Designing floor plans and layouts to optimize the use of space, ensuring functionality and flow within the interior space.

● 3D Modeling and Rendering:

Creating 3D models and renderings of design concepts using software like AutoCAD, SketchUp, Lumion, or other relevant tools to visualize and present designs to clients.

● Site Visits: Conducting site visits to monitor the progress of the project, address any design or construction issues, and ensure that the design vision is being realized.

● Material Selection:

Choosing appropriate materials, colors, finishes, furnishings, and accessories that align with the design concept and client requirements.

✓ DREAMZ DECOR

Interior designer

Key Responsibilities:

●Interior Designer:

Conceptualize and create aesthetically pleasing and functional interior spaces. Collaborate with clients to understand their needs, preferences, and budget constraints.

●Draftsman:

Generate detailed technical drawings and plans based on design concepts. Utilize computer-aided design (CAD) software to create accurate and precise schematics.

April 2022 - May 2023

EDUCATION

✓ APJ ABDUL KALAM TECHNICAL UNIVERSITY, LUCKNOW	2019-2023
BTECH (CIVIL ENGINEERING)	
✓ DAV PUBLIC SCHOOL	2019
INTERMEDIATE	
✓ DAV PUBLIC SCHOOL	2017
HIGH SCHOOL	

SKILLS

- Space Planning: Proficiency in optimizing space layouts for functionality, traffic flow, and aesthetics.
- Color Theory: Knowledge of color palettes, schemes, and their psychological impact on interior spaces.
- Utilize Vastu Shastra principles to ensure spatial harmony, energy flow, and well-being in interior design, considering room orientations, colors, and placements.
- Collaboration: Strong teamwork skills, with experience working closely with architects, engineers, and contractors.

TECHNICAL SKILLS

- AutoCAD: Proficiency in using AutoCAD for creating detailed interior drawings and plans.
- SketchUp: Ability to create 3D models and presentations using SketchUp for design visualization.
- Lumion: Skill in using Lumion for high-quality 3D renderings and animations.
- AI Tools for Rendering: Skilled in using AI-driven software to enhance and accelerate rendering processes.

CERTIFICATIONS

- AUTO CAD (Autodesk | Sep. 2021)
Certification in AutoCAD | 3 Month course covering designing , drafting techniques, industry & residential project practices.
- CCC (Course on Computer Concepts)(NIELIT)| Nov. 2020
Certification in basic computer concepts, including MS Office, internet usage, and general IT literacy.

INTERESTS

- Travel and Culture Exploration
- Art and Architectur
- Sports

LANGUAGE

- Hindi
- English

PERSONAL VITA

Name - Sharad Panwar
Father name -Mr. Sanjay Kumar
Gender - Male
Married status - Unmarried
D.O.B - 5th Feb 2002

DECLARATION

I hereby confirm that the information given above is correct to the best of my knowledge.
